

K-LOVE is the only radio station my family listens to. I don't have to worry about my young children hearing anything crude or negative when we tune in to K-LOVE. We are located in the Phoenix Metro area, and violence is an everyday occurrence in the news. K-LOVE is the only positive influence that we can count on. If K-LOVE were replaced by an LPFM station, the citizens of Phoenix (and all listening areas) would lose the only wholesome, family-friendly programming available. Please keep K-LOVE on the air!
